

**HANSEN US COURT CASE BASED ON HIS PLOS PAPER
WORLD REDUCES @ 6%/YEAR IMMEDIATELY
GIVING AN OVERAL CARBON BUDGET OF 171 Gt C**

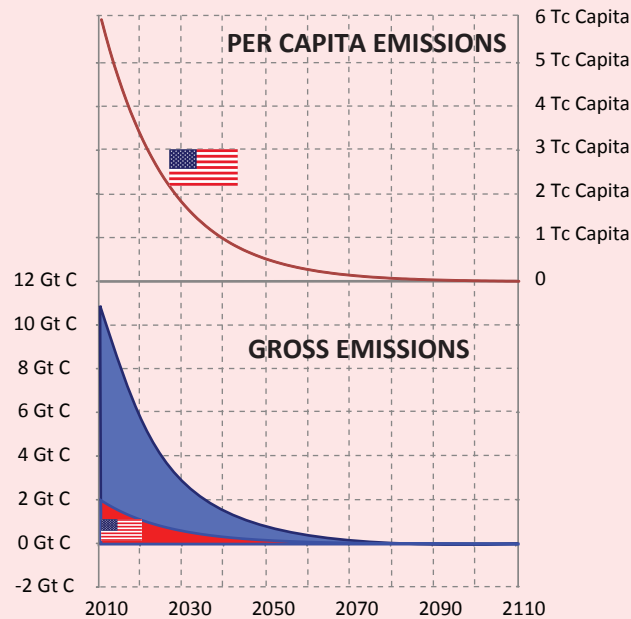

**HANSEN CONTRADICTS THIS IN CHINA & SAYS
WORLD REDUCES @ 2%/YEAR FROM 2020
GIVING AN OVERAL CARBON BUDGET OF 678 Gt C**

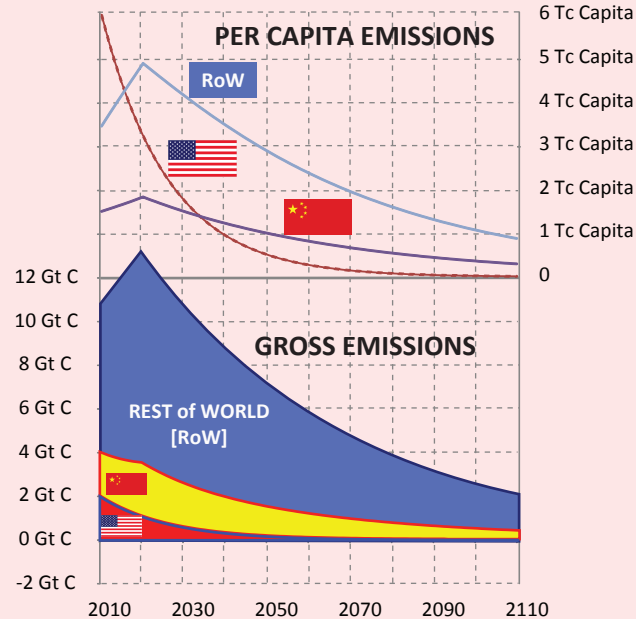

**HANSEN THEN CONTRADICTS 'CHINA' & INSISTS
WORLD & US REDUCES @ 6%/YEAR IMMEDIATELY
RETURNING TO AN OVERAL BUDGET OF 171 Gt C**

COURT CASE DEMANDS THAT THE USA REDUCES GROSS & PER CAPITA EMISSIONS @ 6%/YEAR

HANSEN WORLD REDUCES @2%/YEAR FROM 2020 + US @ 6%/YEAR [COURT CASE] WITH US REDUCING @ 6% & CHINA @ 2%

IS HANSEN ASKING US GOVERNMENT TO ENDORSE US & CHINA USING MORE THAN 171 Gt C & SO FOR ROW TO GO NEGATIVE?
