

If only this was an IGBP IPCC UNFCCC April Fool's joke!

Post IPCC AR5 IGBP IPCC UNFCCC collectively say to keep maximum temperature rise within a 2 degree limit, the future maximum carbon budget is 250 Gt C [i.e. reduce carbon at 200 tonnes a second for next 45 years].

Temp animation at <http://www.gci.org.uk/temp/cbat-domains/Domains.swf> [LOW BUDGET] ['Value-Clocks' not working here yet].
